Course Description:

Our **Mental Health and Me** training aim to provide a better understanding of what mental health is and what individuals can do to self-help.

Our **Homeworker Awareness** course aims to ensure employees who work from home are aware of the potential risks and how to conduct assessments.

Our **Manual Handling Awareness** eLearning course ensures your organisation is fully compliant with Manual Handling Operations Regulations.

Our **Slips, Trips and Falls** eLearning course teaches employees about hazards in the workplace and how to minimise risks and accidents.

Our **Conflict Management** eLearning course helps employees recognise signs of aggression or harassment and how to effectively handle it.

Our **COSHH** eLearning course helps protect employees working with hazardous substances and complies with COSHH regulations.

Our **Driver Awareness** training course ensures employees are aware of their responsibilities on the road and the importance of safe driving.

Our IOSH-approved **Display Screen Equipment** training helps compliance with The Health and Safety (Display Screen Equipment) Regulations 1992.

Our **Electrical Safety** online training course ensures that your organisation is compliant with the Electricity at Work Regulations.

Our **IOSH-approved Office Safety** eLearning course increases awareness of health and safety and shows trainees how to create a safer workplace.

Our **Anti Bribery** eLearning course educates employees on how to recognise bribery and how your organisation's policies help avoid it.

Our **Cyber Security** eLearning course aims to teach employees the different kinds of cyber-attacks and how to prevent them.

Our **Asbestos Awareness** eLearning course ensures your organisation complies with the Control of Asbestos Regulations 2012.

Our **Confined and Enclosed Spaces Awareness** eLearning course highlights the key points of confined and enclosed space safety.

Our **Noise Awareness** eLearning course ensures all employees understand the dangers of excessive noise exposure and how to manage it.

Our **CDM Awareness eLearning** course provides an overview of the main design and management aspects to be considered in construction projects.

Our **Disciplinary Process** course aims to help understand the stages of a disciplinary process, and how to effectively conduct the hearing.

Our **Risk Assessment** eLearning course covers the risk assessment process for employees who want to develop their knowledge.

Our IOSH-approved **Managing Safety** eLearning course gives managers the knowledge required to fulfil their health and safety responsibilities.

Our **GDPR Awareness** eLearning course helps employers understand how they can remain compliant with data protection laws.

Our **Food Allergy Awareness** course identifies the main types of allergens, the legal requirements of food safety and the precautions to take.

Our **First Aid Appointed Person** eLearning course provides an overview of the role and the main responsibilities that come with it.

Our **Fire Marshal** eLearning training course is IOSH-approved and helps to educate individuals training to be fire marshals.

Our **Working at Height** eLearning course highlights the risks involved with working at height and how to follow safety procedures.

Our **Modern Slavery** training course covers the types of slavery, what to be aware of, and legal responsibilities.

Our IOSH-approved **Fire Safety** eLearning training course ensures compliance with the Regulatory Reform (Fire Safety) Order 2005 (Safety) Order 2005.

Our **Physical and Verbal Abuse Bullying and Harassment** eLearning course teaches employees how to identify abuse and what to do.

Our **Stress Awareness** for employees course helps you understand the signs of stress, and the positive actions they can take to manage it.

Our **Environmental Awareness** eLearning course ensures employees understand how their actions at work affect the environment.

Our IOSH approved **Stress Awareness** course for managers helps ensure they understand their responsibility to manage stress in the workplace.

Our **Covid-19 Return To Work Awareness** eLearning ensures that employees returning to a workplace understand the precautions.

Our online IOSH-approved **Health and Safety Awareness** eLearning course helps train employees in creating a safe working environment.

Our **Legionella Awareness** eLearning course complies with COSHH and enables better management of potential hazards and risks of legionella.

Our **Grievance Process** course helps your organisation deal with workplace disputes and avoid employment tribunal claims.

Our **Food Safety** eLearning training course educates on the importance of food hygiene, safety laws, and the potential risks of handling food.
